SINDS APRIL 2024

Our story

We became the owners of Villa Solea in April 2024. By then, we already knew Les Tres Cales well: we had been coming here for several years and especially loved the peace and the many coves that are wonderful for swimming, particularly with children.

For us, the best thing about having our own villa is enjoying the comforts of home. Everything we ever missed in other holiday homes, we try to provide here. Since purchasing the villa, we have improved and equipped it step by step, always with comfort and convenience in mind.

Our favourite beaches are Calafat and Cala Vidre. For a good meal, we love Espadas: good quality, generous portions and excellent value for money.

Air conditioning

Use the air conditioning with windows and outside doors closed. Switch it off when a room is not being used for a longer period and when you leave the villa.

Washing & drying

The villa has a washing machine and tumble dryer. A drying rack is also available for you to use. On sunny days, drying laundry outside is often just as easy. If in doubt, follow the instructions on the appliance.

Parking

There is parking for up to 5 cars on the property. Please park so that entrances and access routes remain clear.

In case of a problem

If you have a problem that you cannot easily solve yourself, please contact the manager. Do not dismantle or repair technical installations yourself.

Our favourite beaches

Calafat

The beach by Calafat harbour is one of our favourite places. It is usually wonderfully peaceful, even in high season, making it ideal for swimming with children and enjoying a relaxing day by the sea. Parking by the harbour is paid.

Cala Vidre

Cala Vidre is a beautiful cove with clear water and one of our favourite places for snorkelling and diving. The area around the cove is also lovely for walking and enjoying the coastline. Parking is free. Cala Vidre is popular and can be busier, especially during high season.

Discover more coves

There are several small coves around Les Tres Cales. Exploring different beaches is part of what makes this area so enjoyable, especially with children.

Beach tip

For a peaceful beach day: Calafat. For snorkelling, diving and walking: Cala Vidre. Water shoes and snorkelling gear are useful to bring.

Food & drink

Espadas Bar Restaurant

Our personal favourite. We love coming here: the quality is good, the portions are generous and it offers excellent value for money.

Our personal recommendation

Ask the manager or check online for current opening hours and whether a reservation is required.

Discover more

In L'Ametlla de Mar and the surrounding coastal towns you will find plenty of restaurants, tapas bars and terraces. There is especially plenty of choice around the harbour.

Groceries

For a larger grocery shop, we usually drive to L'Ametlla de Mar. Mercadona, Lidl and Esclat are located close together there. These are large supermarkets with a wide selection and are ideal for your main weekly shop.

- The SPAR in Les Tres Cales is smaller and especially convenient for a quick shop or something you may have forgotten.

Tip

Check opening hours on the day itself, especially on Sundays and public holidays.

Things to do

Tuna Tour - L'Ametlla de Mar

- A special local boat excursion centred around bluefin tuna. Depending on the tour, you may even be able to swim among the tuna — a unique holiday experience.
- L'Ametlla de Mar - harbour, restaurants and Mediterranean atmosphere
- Tarragona - history, shopping and culture
- Cambrils - promenade, harbour and restaurants
- Delta de l'Ebre - nature and unique landscapes
- PortAventura World - a popular day out with children
- Coast and coves - swimming, snorkelling and relaxing

A car is useful in this area. The villa is approximately 4 km from the beach, making it easy to explore different coves and nearby towns.

With children

Villa Solea has been designed with families in mind. The fenced pool offers extra peace of mind, although supervision is always essential. Plastic cups, plates and bowls are provided for children and are also useful around the pool.

- Swimming and playing in the private pool.
- Snorkelling at Cala Vidre or enjoying a peaceful beach day at Calafat.
- Petanque, darts or a film/PlayStation in the additional living room.
- A day at PortAventura World or, for adventurous children, the Tuna Tour.

Our favourite memories

It is often the simple moments - breakfast together, swimming, barbecuing and long summer evenings outside - that make a holiday here special.
